

AC ONE China Fund

Institutional Class – ACOIX

Prospectus

October 28, 2019

Beginning on January 1, 2021, as permitted by regulations adopted by the Securities and Exchange Commission (the “SEC”), paper copies of the Fund’s shareholder reports will no longer be sent by mail, unless you specifically request paper copies of the reports from the Fund (defined herein) or from your financial intermediary, such as a broker-dealer or bank. Instead, the reports will be made available on the Fund’s website (www.AC-ONE-AMC.com), and you will be notified by mail each time a report is posted and provided with a website link to access the report.

If you already elected to receive shareholder reports electronically, you will not be affected by this change and you need not take any action. You may elect to receive shareholder reports and other communications from the Fund electronically by contacting your financial intermediary (such as a broker-dealer or bank) or, if you are a direct investor, by calling (888) 964-0788 or by sending an email request to info@ac-one-amc.com.

You may elect to receive all future reports in paper free of charge. If you invest through a financial intermediary, you can contact your financial intermediary to request that you continue to receive paper copies of your shareholder reports. If you invest directly with the Fund, you can call (888) 964-0788 or send an email request to info@ac-one-amc.com to let the Fund know you wish to continue receiving paper copies of your shareholder reports. Your election to receive reports in paper will apply to all funds held in your account if you invest through your financial intermediary.

The SEC has not approved or disapproved of these securities or determined if this Prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Summary Section

AC ONE China Fund

Investment Objective

The AC ONE China Fund (the “Fund”) seeks to provide capital appreciation and income.

Fees and Expenses of the Fund

This table describes the fees and expenses that you may pay if you buy and hold shares of the Fund.

Shareholder Fees

(fees paid directly from your investment)

Maximum Sales Charge (Load) Imposed on Purchases (as a percentage of the offering price)	None
Maximum Deferred Sales Charge (Load) (imposed on shares redeemed from an initial investment of \$1 million or more within 12 months of such investment, as a percentage of an amount equal to the lesser of the initial value of the shares redeemed and the value of the shares being redeemed at the time of redemption)	None
Redemption Fee (as a percentage of amount redeemed within 60 days of purchase)	2.00%

Annual Fund Operating Expenses

(expenses that you pay each year as a percentage of the value of your investment)

Management Fees ⁽¹⁾	1.10%
Other Expenses	1.62%
Acquired Fund Fees and Expenses ⁽²⁾	0.01%
Total Annual Fund Operating Expenses	2.73%
Less: Fee Waiver ⁽³⁾	(1.22)%
Total Annual Fund Operating Expenses After Fee Waiver ⁽¹⁾⁽²⁾⁽³⁾	1.51%

⁽¹⁾ Management Fees and Total Annual Fund Operating Expenses After Fee Waiver have been restated to reflect current contractual agreements.

⁽²⁾ The Total Annual Fund Operating Expenses After Fee Waiver does not correlate to the ratio of expenses to average net assets included in the Financial Highlights section of the Fund’s Statutory Prospectus, which reflects the operating expenses of the Fund and does not include acquired fund fees and expenses (“AFFE”).

⁽³⁾ AC ONE Asset Management, LLC (the “Adviser”) has contractually agreed to waive its management fees and pay Fund expenses, in order to ensure that Total Annual Fund Operating Expenses (excluding AFFE, brokerage commissions, leverage/borrowing interest, interest expense, dividends paid on short sales, taxes and extraordinary expenses) do not exceed 1.50% of the average daily net assets of the Fund. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the month during which such fee waiver and expense payment was made if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and expense payment occurred and the expense limit in effect at the time of the recoupment. The Operating Expenses Limitation Agreement is indefinite in term and cannot be terminated through at least October 28, 2020. Thereafter, the agreement may be terminated at any time upon 60 days’ written notice by the Trust’s Board of Trustees (the “Board”) or the Adviser.

Example

This Example is intended to help you compare the costs of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and that the Fund’s operating expenses remain the same (taking into account the expense limitation for one year). Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

<u>One Year</u>	<u>Three Years</u>	<u>Five Years</u>	<u>Ten Years</u>
\$154	\$732	\$1,336	\$2,972

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in the annual fund operating expenses or in the Example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 1% of the average value of its portfolio.

Principal Investment Strategies

In selecting investments for the Fund’s portfolio, the Adviser begins by attempting to identify and forecast changes within various sectors and industry groups of the Chinese economy before the markets react to such changes. From the sectors and industry groups with the most potential for positive change, the Fund’s Adviser then endeavors to build a portfolio of high quality issues with above average growth and with price to earnings multiples at or below general market valuations, typically referred to as value investing. The Adviser targets companies that it believes are industry leaders with strong management, a good track record and above-average consistency of earnings and/or dividends.

Under normal market conditions, the Fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in the equity securities of issuers located in China or that are economically tied to China. The equity securities in which the Fund typically invests include common stock and depositary receipts. Depositary receipts are generally issued by a bank or trust company and evidence ownership of underlying foreign securities. The Adviser determines that an issuer is economically tied to China if it (i) derives at least 50% of its revenues or operating profits from goods produced or sold, or services performed within China, (ii) has at least 50% of its assets located within China, (iii) has securities that trade principally within China, or (iv) is included in an index generally considered representative of the Chinese market. The Fund may invest of securities of any market capitalization. From time to time, the Fund may focus its investments in securities of companies in the same economic sector, including the information technology sector.

Principal Risks

As with any mutual fund, there are risks to investing. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the Federal Deposit Insurance Corporation (“FDIC”) or any other governmental agency. In addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund over short or even long periods of time.** The principal risks of investing in the Fund are:

General Market Risk. The Fund’s net asset value (“NAV”) and investment return will fluctuate based upon changes in the value of its portfolio securities. Certain securities selected for the Fund’s portfolio may be worth less than the price originally paid for them, or less than they were worth at an earlier time.

Management Risk. The Fund may not meet its investment objective or may underperform the market or other mutual funds with similar strategies if the Adviser cannot successfully implement the Fund’s investment strategies.

Foreign Securities Risk. Investments in securities issued by foreign companies involve risks not generally associated with investments in the securities of U.S. companies, including risks relating to political, social, and economic developments abroad, differences between U.S. and foreign regulatory and tax requirements and market practices, as well as fluctuations in foreign currencies. There may be less information publicly available about foreign companies than about a U.S. company, and many foreign companies are not subject to accounting, auditing, and financial reporting standards, regulatory framework and practices comparable to those in the U.S.

Sector Allocation Risk. The Fund’s ability to achieve its investment objective will depend, in part, on the Adviser’s ability to select the best allocation of assets across the various market sectors. There is a risk that the Adviser’s evaluations and assumptions may be incorrect in view of actual market conditions.

Information Technology Sector Risk. Market or economic factors impacting information technology companies and companies that rely heavily on technological advances could have a significant effect on the value of the Fund’s investments. The value of stocks of information technology companies and companies that rely heavily on technology is particularly vulnerable to rapid changes in technology product cycles, rapid product obsolescence, government regulation and competition, both domestically and internationally, including competition from foreign competitors with lower production costs.

Depository Receipts Risk. Depository receipts are generally subject to the same risks as the foreign securities because their values depend on the performance of the underlying foreign securities. In addition, depository receipts may not track the price of the underlying foreign securities and their value may change materially at times when the U.S. markets are not open for trading. The Fund may invest in unsponsored depository receipts that are issued without an agreement with the company that issues the underlying foreign securities. Holders of unsponsored depository receipts generally bear all the costs of such depository receipts, and the issuers of unsponsored depository receipts frequently are under no obligation to distribute shareholder communications received from the company that issues the underlying foreign securities or to pass through voting rights to the holders of the depository receipts. As a result, there may not be a correlation between such information and the market values of unsponsored depository receipts.

Emerging Markets Risk. Emerging markets are markets of countries, such as China, in the initial stages of industrialization and that generally have low per capita income. In addition to the risks of foreign securities in general, emerging markets are generally more volatile, have relatively unstable governments, social and legal systems that do not protect shareholders, economies based on only a few industries and securities markets that are substantially smaller, less liquid and more volatile with less government oversight than more developed countries.

Chinese Securities Risk. In addition to risks associated with investing in foreign and emerging market securities, there are special risks associated with investments in China, including exposure to currency fluctuations, less liquidity, potential for expropriation, confiscatory taxation, potential for nationalization of investments, exchange control regulations, differing legal and accounting standards and rapid fluctuations in inflation and interest rates. The Chinese government could, at any time, alter or discontinue any existing economic reform programs.

Currency Risk. When the Fund buys or sells securities on a foreign stock exchange, the transaction is undertaken in the local currency rather than in U.S. dollars, which carries the risk that the value of the foreign currency will increase or decrease, which may impact the value of the Fund's portfolio holdings and your investment. China and other countries may adopt economic policies and/or currency exchange controls that affect its currency valuations in a disadvantageous manner for U.S. investors and companies and restrict or prohibit the Fund's ability to repatriate both investment capital and income, which could place the Fund's assets at risk of total loss.

Geographic Concentration Risk. Because the Fund invests its assets primarily in Chinese companies, it is subject to greater risks of adverse events that occur in China, including political, social, religious or economic disruptions. Adverse events that occur in the regions that surround China, but not directly in China, may also adversely affect the Fund's holdings.

Equity Securities Risk. The equity securities held in the Fund's portfolio may experience sudden, unpredictable drops in value or long periods of decline in value. This may occur because of factors that affect securities markets generally or factors affecting specific industries, sectors or companies in which the Fund invests.

Large-Cap, Mid-Cap and Small-Cap Companies Risk. An investment in larger companies is subject to the risk that larger companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion. Securities of mid-cap and small-cap companies may be more volatile and less liquid than the securities of large-cap companies.

Sector Emphasis Risk. The securities of companies in the same or related businesses ("industry sectors"), if comprising a significant portion of the Fund's portfolio, may in some circumstances react negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such securities comprised a lesser portion of the Fund's portfolio or the Fund's portfolio was diversified across a greater number of industry sectors. Some industry sectors have particular risks that may not affect other sectors.

Value-Style Investing Risk. The Fund's value investments are subject to the risk that their intrinsic values may not be recognized by the broad market or that their prices may decline.

Liquidity Risk. Low trading volume, lack of a market maker, or legal restrictions will impair the Fund’s ability to sell particular securities at an advantageous price or in a timely manner when the Adviser believes it is otherwise desirable to do so, which may restrict the Fund’s ability to take advantage of other market opportunities.

Performance

The accompanying bar chart and table provide some indication of the risks of investing in the Fund by showing how the Fund’s total return has varied for annual periods through December 31, 2018. Next to the bar chart are the Fund’s highest and lowest quarterly returns during the period shown in the bar chart. The performance table that follows shows the Fund’s average annual total returns over time compared with broad-based securities market indices. Past performance (before and after taxes) is not necessarily an indication of how the Fund will perform in the future. Updated performance is available on the Fund’s website at <http://www.AC-ONE-AMC.com> or by calling the Fund toll-free at (888) 964-0788.

Calendar Year Total Returns as of December 31

Best Quarter: Q3 2013 14.54%
 Worst Quarter: Q3 2015 -21.03%

Year-to-Date as of September 30, 2019: 4.93%

Average Annual Total Returns for the periods ended December 31, 2018

	One Year	Five Years	Since Inception (7/27/2012)
Return Before Taxes	-18.13%	1.72%	6.85%
Return After Taxes on Distributions	-18.23%	1.41%	6.47%
Return After Taxes on Distributions and Sale of Fund Shares	-10.66%	1.31%	5.37%
Hang Seng Index	-13.61%	2.09%	4.67%
MSCI China Index	-18.88%	4.65%	7.09%

After tax returns are calculated using the historical highest individual federal marginal income tax rates, and do not reflect the impact of state and local taxes. Actual after-tax returns depend on your situation and may differ from those shown.

Furthermore, the after-tax returns shown are not relevant to those who hold their shares through tax-advantaged arrangements such as 401(k) plans or individual retirement accounts (“IRAs”). The Returns After Taxes on Distributions and Sale of Fund Shares is higher than other return figures when a capital loss occurs upon a redemption of fund shares.

Management

Investment Adviser

AC ONE Asset Management, LLC is the Fund’s investment adviser.

Portfolio Manager

Patrick Pascal, Co-President and Portfolio Manager of the Adviser, and Frederick J. Ruopp Jr., Portfolio Manager of the Adviser, are the portfolio managers responsible for the day-to-day management of the Fund. Each has managed the Fund since its inception in July 2012.

Purchase and Sale of Fund Shares

You may purchase or redeem Fund shares on any day that the New York Stock Exchange (“NYSE”) is open for business by written request via mail (AC ONE China Fund, c/o U.S. Bank Global Fund Services, P.O. Box 701, Milwaukee, Wisconsin 53201-0701), by contacting the Fund by telephone at (888) 964-0788, by wire transaction, or through a financial intermediary. The minimum initial and subsequent investment amounts for the Fund are shown below. The Fund may reduce or waive the minimum in its sole discretion.

Minimum Initial Investment	\$25,000
Subsequent Minimum Investment	\$500

Tax Information

The Fund’s distributions are generally taxable, and will be taxed as ordinary income or capital gains, unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or IRA. Distributions on investments made through tax-advantaged arrangements may be taxed as ordinary income when withdrawn from those accounts.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase Fund shares through a broker-dealer or other financial intermediary (such as a bank or financial advisor), the Fund and/or its Adviser may pay the intermediary for the sale of Fund shares and related services. These payments may create conflicts of interest by influencing the broker-dealer or other intermediary and your salesperson to recommend the Fund over another investment. Ask your salesperson or visit your financial intermediary’s website for more information.

Investment Objective, Strategies, Risks and Disclosure of Portfolio Holdings

Investment Objective

The Fund's investment objective is capital appreciation and income. The investment objective is not fundamental and may be changed without the approval of the Fund's shareholders upon 60 days' prior written notice to shareholders.

Principal Investment Strategies

In selecting investments for the Fund's portfolio, the Adviser begins by attempting to identify and forecast changes within various sectors and industry groups of the Chinese economy before the markets react to such changes. From the sectors and industry groups with the most potential for positive change, the Fund's Adviser then endeavors to build a portfolio of high quality issues with above average growth and with price to earnings multiples at or below general market valuations, typically referred to as value investing. The Adviser targets companies that it believes are industry leaders with strong management, a good track record and above-average consistency of earnings and/or dividends.

Under normal market conditions, the Fund invests at least 80% of its net assets (plus any borrowings for investment purposes) in the equity securities of issuers located in China or that are economically tied to China. The equity securities in which the Fund invests typically include common stock and depositary receipts. Depositary receipts are generally issued by a bank or trust company and evidence ownership of underlying foreign securities. The Adviser determines that an issuer is economically tied to China if it (i) derives at least 50% of its revenues or operating profits from goods produced or sold, or services performed within China, (ii) has at least 50% of its assets located within China, (iii) has securities that trade principally within China, or (iv) is included in an index generally considered representative of the Chinese market. The Fund may invest of securities of any market capitalization. From time to time, the Fund may focus its investments in securities of companies in the same economic sector, including the information technology sector.

Investment decisions for the Fund are based on five corporate analysis screens that are designed to evaluate, judge, and/or estimate the following: (1) whether a particular industry will continue to prosper; (2) sector growth, competition and company strength; (3) future earnings estimates; (4) appropriate price to earnings ratio and valuations; and (5) whether an individual company's competitive advantage over its peers will provide continued growth and earnings relative to potential risks.

In making investment decisions, the Adviser utilizes a proprietary analysis of an issuer's competitive positioning within its respective industry. This analysis uses certain third-party data, including data provided by Shanghai AssetPlus Investment Management Co. Ltd., an affiliate of the Adviser located in Shanghai, China. Currently, its research database covers about 300 companies located in or economically tied to China.

The Adviser then constructs the Fund's portfolio with the securities of companies that it determines are leading players in each sector, have long-term survival capacity, are undervalued, and/or are expected to grow based on changes or anticipated changes in the sector.

Cash or Similar Investments and Temporary Strategies of the Fund. At the Adviser's discretion, the Fund may invest in high-quality, short-term debt securities and money market instruments for (i) temporary defensive purposes in response to adverse market, economic or political conditions and (ii) retaining flexibility in meeting redemptions, paying expenses, and identifying and assessing investment opportunities. These short-term debt securities and money market instruments include cash, shares of other mutual funds, commercial paper, certificates of deposit, bankers' acceptances, U.S. government securities and repurchase agreements. To the extent that the Fund invests in money market mutual funds for its cash position, there will be some duplication of expenses because the Fund will bear its pro rata portion of such money market funds' management fees and operational expenses. When investing for temporary defensive purposes, the Adviser may invest up to 100% of the Fund's total assets in such instruments. Taking a temporary defensive position may result in the Fund not achieving its investment objective.

Principal Risks of Investing in the Fund

Before investing in the Fund, you should carefully consider your own investment goals, the amount of time you are willing to leave your money invested, and the amount of risk you are willing to take. An investment in the Fund is not a deposit of a bank and is not insured or guaranteed by the FDIC or any other governmental agency. There can be no assurance that the Fund will achieve its investment objective. Remember, in addition to possibly not achieving your investment goals, **you could lose all or a portion of your investment in the Fund.** The principal risks of investing in the Fund are:

General Market Risk. The NAV of the Fund and investment return will fluctuate based upon changes in the value of its portfolio securities. The market value of a security may move up or down, sometimes rapidly and unpredictably. These

fluctuations may cause a security to be worth less than the price originally paid for it, or less than it was worth at an earlier time. Market risk may affect a single issuer, industry, sector of the economy or the market as a whole. U.S. and international markets have experienced, and may continue to experience, volatility, which may increase risks associated with an investment in the Fund. The market value of securities in which the Fund invests is based upon the market's perception of value and is not necessarily an objective measure of the securities' value. In some cases, for example, the stock prices of individual companies have been negatively impacted even though there may be little or no apparent degradation in the financial condition or prospects of the issuers. As a result of this significant volatility, many of the following risks associated with an investment in the Fund may be increased. Continuing market volatility may have adverse effects on the Fund.

Management Risk. The ability of the Fund to meet its investment objective is directly related to the Adviser's investment strategies for the Fund. The value of your investment in the Fund may vary with the effectiveness of the Adviser's research, analysis and asset allocation among portfolio securities. If the Adviser's investment strategies do not produce the expected results, the value of your investment could be diminished or even lost entirely and the Fund could underperform the market or other mutual funds with similar investment objectives.

Foreign Securities Risk. The risks of investing in securities of foreign companies involves risks not generally associated with investments in securities of U.S. companies, including risks relating to political, social and economic developments abroad and differences between U.S. and foreign regulatory and tax requirements and market practices. Securities that are denominated in foreign currencies are subject to the further risk that the value of the foreign currency will fall in relation to the U.S. dollar and/or will be affected by volatile currency markets or actions of U.S. and foreign governments or central banks. Foreign securities may be subject to greater fluctuations in price than securities of U.S. companies because foreign markets may be smaller and less liquid than U.S. markets. There may be less information publicly available about foreign companies than about a U.S. company, and many foreign companies are not subject to accounting, auditing, and financial reporting standards, regulatory framework and practices comparable to those in the U.S. Ongoing concerns regarding the economies of certain European countries and/or their sovereign debt, as well as the possibility that one or more countries might leave the European Union (the "EU"), create risks for investing in the EU. In June 2016, voters in the United Kingdom (the "UK") voted to leave the EU (known as "Brexit"). As a result of Brexit, the financial markets experienced high levels of volatility and there is considerable uncertainty as to the arrangements that will apply to the UK's relationship with the EU and other countries leading up to, and following, its withdrawal. This long-term uncertainty may affect other countries in the EU and elsewhere. The exit by the UK or other member states, especially if an exit occurs in a disorderly fashion or if the UK and EU are unable to reach a withdrawal agreement, will likely result in increased uncertainty, volatility, illiquidity and potentially lower economic growth in the affected markets.

Sector Allocation Risk. The Fund's ability to achieve its investment objective will depend, in part, on the Adviser's ability to select the best allocation of assets across the various market sectors. There is a risk that the Adviser's evaluations and assumptions may be incorrect in view of actual market conditions.

Information Technology Sector Risk. Market or economic factors impacting information technology companies and companies that rely heavily on technological advances could have a significant effect on the value of the Fund's investments. The value of stocks of information technology companies and companies that rely heavily on technology is particularly vulnerable to rapid changes in technology product cycles, rapid product obsolescence, government regulation and competition, both domestically and internationally, including competition from foreign competitors with lower production costs. Stocks of information technology companies and companies that rely heavily on technology, especially those of smaller, less-seasoned companies, tend to be more volatile than the overall market. Information technology companies are heavily dependent on patent and intellectual property rights, the loss or impairment of which may adversely affect profitability.

Depositary Receipts Risk. The Fund's investments in foreign companies may be in the form of depositary receipts or other securities convertible into securities of foreign issuers, including American Depositary Receipts ("ADRs"), European Depositary Receipts ("EDRs") and Global Depositary Receipts ("GDRs"). Depositary receipts are generally subject to the same risks as the foreign securities because their values depend on the performance of the underlying foreign securities. In addition, depositary receipts may not track the price of the underlying foreign securities and their value may change materially at times when the U.S. markets are not open for trading. In some cases, there may be less information available about the underlying issuers than would be the case with a direct investment in the foreign issuer. ADRs are U.S. dollar-denominated receipts representing shares of foreign-based corporations. GDRs are similar to ADRs but are shares of foreign-based

corporations generally issued by international banks in one or more markets around the world. EDRs are receipts issued in Europe that evidence ownership of underlying securities issued by a foreign corporation. Generally, EDRs are designed for use in European securities markets. Investment in ADRs, GDRs and EDRs may be less liquid than the underlying shares in their primary trading market and may be more volatile. Distributions paid to holders of depositary receipts, such as the Fund, may be subject to a fee charged by the depositary. In addition, depositary receipts may not pass through voting and other shareholder rights.

The Fund may invest in unsponsored depositary receipts that are issued without an agreement with the company that issues the underlying foreign securities. Holders of unsponsored depositary receipts generally bear all the costs of such depositary receipts, and the issuers of unsponsored depositary receipts frequently are under no obligation to distribute shareholder communications received from the company that issues the underlying foreign securities or to pass through voting rights to the holders of the depositary receipts. As a result, there may not be a correlation between such information and the market values of unsponsored depositary receipts.

Emerging Markets Risk. Emerging markets are markets of countries in the initial stages of industrialization and that generally have low per capita income. While China's economy is growing and expected to become one of the world's largest, China's economic development is at a relatively early stage, and China is considered an emerging market. In addition to the risks of foreign securities in general, emerging markets are generally more volatile and can have relatively unstable governments, social and legal systems that do not protect shareholders, economies based on only a few industries and securities markets that are substantially smaller, less liquid, more volatile and may have a lower level of government oversight than securities markets in more developed countries.

Chinese Securities Risk. The Fund is subject to additional risks, other than those described above, due to its direct investment in Chinese securities. In addition to the risks related to securities denominated in foreign currencies, as described above, there are also special risks associated with investments in China, including exposure to currency fluctuations, less liquidity, expropriation, confiscatory taxation, nationalization, exchange control regulations (including currency blockage) and differing legal and accounting standards. Inflation and rapid fluctuations in inflation and interest rates have had, and may continue to have, negative effects on the economies and securities markets of China. The Chinese government could, at any time, alter or discontinue existing economic reform programs. Military conflicts, either in response to internal social unrest or conflicts with other countries are an ever present consideration. The adoption or continuation of protectionist trade policies by one or more countries (including the U.S.), could lead to decreased demand for Chinese products and have an adverse effect on the Chinese securities markets. Additionally, China has implemented a number of tax reforms in recent years, and may amend or revise its existing tax laws and/or procedures in the future, possibly with retroactive effect. Changes in applicable Chinese tax law could reduce the after-tax profits of the Fund, directly or indirectly, including by reducing the after-tax profits of companies in China in which the Fund invests. Uncertainties in Chinese tax rules could result in unexpected tax liabilities for the Fund.

Chinese securities may trade on U.S. or European Exchanges in the form of ADRs, EDRs, or GDRs, and are subject to the risks discussed above related to depositary receipts.

Certain securities issued by Chinese companies may be less liquid (harder to sell) than many U.S. securities, making it more difficult to sell securities of Chinese companies at favorable prices. Government supervision and regulation of Chinese stock exchanges, currency markets, trading systems and brokers may be less extensive than in the U.S. Additionally, brokerage commissions and other fees are generally higher for securities traded in Chinese markets. Procedures and regulations governing transactions and custody of foreign securities also may involve delays in payment, delivery or recovery of money or investments.

Currency Risk. When the Fund buys or sells securities on a foreign stock exchange, the transaction is undertaken in the local currency rather than in U.S. dollars. In purchasing or selling local currency to execute transactions on foreign exchanges, the Fund will be exposed to the risk that the value of the foreign currency will increase or decrease, which may impact the value of the Fund's portfolio holdings. Some countries, including China, have and may continue to adopt internal economic policies that affect its currency valuations in a manner that may be disadvantageous for U.S. investors or U.S. companies seeking to do business in those countries. In addition, a country may impose formal or informal currency exchange controls. These controls may restrict or prohibit the Fund's ability to repatriate both investment capital and income, which could undermine the value of the Fund's portfolio holdings and potentially place the Fund's assets at risk of total loss.

Geographic Concentration Risk. Because the Fund invests its assets primarily in Chinese companies or companies that are economically tied to China, it is subject to much greater risks of adverse events that occur in China and may experience greater volatility than a fund that is more broadly diversified geographically. Political, social, religious or economic disruptions in China and the regions that surround China, even in countries in which the Fund is not invested, may adversely affect the Fund's holdings.

Equity Securities Risk. The Fund's investments in equity securities are susceptible to general stock market fluctuations and to volatile increases and decreases in value as market confidence in and perceptions of their issuers change. These investor perceptions are based on various and unpredictable factors including: expectations regarding government, economic, monetary and fiscal policies; inflation and interest rates; economic expansion or contraction; global and/or regional political, economic and banking crises; and factors affecting specific industries, sectors, geographic markets, or companies in which the Fund invests. The Fund's net asset value and investment return will fluctuate based upon changes in the value of its portfolio securities.

Large-Cap Company Risk. The Fund's investments in larger, more established companies are subject to the risk that larger companies are sometimes unable to attain the high growth rates of successful, smaller companies, especially during extended periods of economic expansion. Larger, more established companies may be unable to respond quickly to new competitive challenges such as changes in consumer tastes or innovative smaller competitors potentially resulting in lower valuations for their common stock.

Mid-Cap and Small-Cap Companies Risk. Mid-cap and small-cap companies in which the Fund invests may not have the management experience, financial resources, product diversification and competitive strengths of large-cap companies. Therefore, their securities may be more volatile and less liquid than the securities of larger, more established companies. Mid-cap and small-cap company stocks may also be bought and sold less often and in smaller amounts than larger company stocks. Because of this, if the Adviser wants to sell a large quantity of a mid-cap or small-cap company stock, it may have to sell at a lower price than it might prefer, or it may have to sell in smaller than desired quantities over a period of time. Analysts and other investors may follow these companies less actively and therefore information about these companies may not be as readily available as that for large-cap companies.

Sector Emphasis Risk. The securities of companies in the same or related businesses ("industry sectors"), if comprising a significant portion of the Fund's portfolio, may in some circumstances react negatively to market conditions, interest rates and economic, regulatory or financial developments and adversely affect the value of the portfolio to a greater extent than if such securities comprised a lesser portion of the Fund's portfolio or the Fund's portfolio was diversified across a greater number of industry sectors. Some industry sectors have particular risks that may not affect other sectors.

Value-Style Investing Risk. The Fund's investments in value stocks may react differently to issuer, political, market, and economic developments than the general market and investments in other types of stocks. Value stocks tend to be inexpensive relative to their earnings or assets compared to other types of stocks. However, value stocks may continue to be inexpensive for long periods of time and may not ever realize their full value. Also, if the market does not consider a stock to be undervalued, then the value of the stock may decline even if stock prices are generally rising.

Liquidity Risk. Low trading volume, lack of a market maker, or legal restrictions will impair the Fund's ability to sell particular securities at an advantageous price or in a timely manner when the Adviser believes it is otherwise desirable to do so, which may restrict the Fund's ability to take advantage of other market opportunities.

Portfolio Holdings

A description of the Fund's policies and procedures with respect to the disclosure of the Fund's portfolio holdings is available in the Fund's Statement of Additional Information ("SAI").

Management of the Fund

Investment Adviser

The Trust has entered into an investment advisory agreement (“Advisory Agreement”), on behalf of the Fund, with AC ONE Asset Management, LLC, located at 444 South Flower Street, Los Angeles, California 90071. Established in 2011, the Adviser is an SEC-registered investment adviser that provides investment advisory services to private clients and institutions. The Adviser is majority owned by Chelsea Counsel Company, an SEC-registered investment adviser, and AssetPlus Investment Management Corp., a United States based subsidiary of AssetPlus Investment Management Co., a South Korean company that is an SEC-registered investment adviser. Under the Advisory Agreement, the Adviser manages the Fund’s investments subject to the supervision of the Board of Trustees (the “Board”).

The Adviser has overall supervisory responsibility for the general management and investment of the Fund’s securities portfolio. The Adviser also furnishes the Fund with office space and certain administrative services and provides most of the personnel needed to fulfill its obligations under its Advisory Agreement. For its services, the Fund pays the Adviser a monthly management fee that is calculated at the annual rate of 1.10% of the Fund’s average daily net assets up to \$250 million; 0.99% of the Fund’s average daily net assets from \$250 million to \$500 million; 0.93% of the Fund’s average daily net assets from \$500 million to \$1 billion; and 0.84% of the Fund’s average daily net assets over \$1 billion.

Fund Expenses. The Fund is responsible for its own operating expenses. Pursuant to an Operating Expenses Limitation Agreement between the Adviser and the Trust, on behalf of the Fund, the Adviser has contractually agreed to waive its management fees, and pay Fund expenses in order to ensure that Total Annual Fund Operating Expenses (excluding AFFE, leverage/borrowing interest, interest expense, dividends paid on short sales, taxes, brokerage commissions, and extraordinary expenses) do not exceed 1.50% of the average daily net assets of the Fund. Fees waived and expenses paid by the Adviser may be recouped by the Adviser for a period of 36 months following the month during which such fee waiver and expense payment was made if such recoupment can be achieved without exceeding the expense limit in effect at the time the fee waiver and expense payment occurred and at the time of recoupment. The Operating Expenses Limitation Agreement is indefinite in term and cannot be terminated through at least October 27, 2020. Thereafter, the agreement may be terminated at any time upon 60 days’ written notice by the Trust’s Board or the Adviser.

As a result of the Operating Expenses Limitation Agreement the Adviser has with the Fund, for the fiscal year ended June 30, 2019, the Adviser received no management fee.

A discussion regarding the basis of the Board’s approval of the Advisory Agreement is available in the Fund’s annual report to shareholders for the year ended June 30, 2019.

The Fund, as a series of the Trust, does not hold itself out as related to any other series of the Trust for purposes of investment and investor services, nor does it share the same investment adviser with any other series.

Portfolio Managers

Patrick C. Pascal

Mr. Pascal has served as Co-President and Portfolio Manager of the Adviser since its inception in 2011. Mr. Pascal is also employed by Chelsea Counsel Company, an affiliate of the Adviser that is also an investment adviser (“Chelsea”). From 2002 until 2010 when he was named President of Chelsea, Mr. Pascal served as Senior Vice President.

Frederick J. Ruopp, Jr.

Mr. Ruopp, Jr. has served as Portfolio Manager of the Adviser since its inception in 2011. Mr. Ruopp, Jr. has also been with Chelsea since 1995 and for the past 12 years has primarily been involved in the Research and Portfolio Management process. In 2010, Mr. Ruopp, Jr. was named an Executive Vice President.

The Fund’s SAI provides additional information about the portfolio managers’ compensation, other accounts managed by the portfolio managers and the portfolio managers’ ownership of Fund shares.

Shareholder Information

Pricing of Fund Shares

The price of the Fund's shares is based on its NAV. The NAV of the Fund is calculated by dividing its total assets, less the liabilities, by the number of its shares outstanding. The NAV is calculated at the close of regular trading of the NYSE, which is generally 4:00 p.m., Eastern Time. The NAV will not be calculated, nor may investors purchase or redeem Fund shares, on days that the NYSE is closed for trading, even though certain Fund securities (i.e., foreign or debt securities) may trade on days the NYSE is closed and such trading may materially affect the Fund's NAV.

The Fund's assets are generally valued at their market price using valuations provided by independent pricing services. When market quotations are not readily available, a security or other asset is valued at its fair value as determined under fair value pricing procedures approved by the Board. These fair value pricing procedures will also be used to price a security when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. The intended effect of using fair value pricing procedures is to ensure that the Fund is accurately priced. The Board will regularly evaluate whether the Trust's fair value pricing procedures continue to be appropriate in light of the specific circumstances of the Fund and the quality of prices obtained through the application of such procedures by the Trust's valuation committee.

When fair value pricing is employed, security prices that the Fund uses to calculate its NAV may differ from quoted or published prices for the same securities. Due to the subjective and variable nature of fair value pricing, it is possible that the fair value determined for a particular security may be materially different (higher or lower) than the price of the security quoted or published by others, the value when trading resumes, and/or the value realized upon the security's sale. Therefore, if a shareholder purchases or redeems Fund shares when the Fund holds securities priced at fair value, the number of shares purchased or redeemed may be higher or lower than it would be if the Fund was using market value pricing.

In the case of foreign securities, the occurrence of certain events (such as a significant surge or decline in the U.S. or other markets) after the close of foreign markets, but prior to the time the Fund's NAV is calculated, will often result in an adjustment to the trading prices of foreign securities when foreign markets open on the following business day. If such events occur, the Fund will value foreign securities at fair value, taking into account such events, in calculating the NAV. In such cases, use of fair valuation can reduce an investor's ability to profit by estimating the Fund's NAV in advance of the time the NAV is calculated. In addition, the Fund's investments in smaller capitalization companies are more likely to require a fair value determination because they may be more thinly traded and less liquid than securities of larger companies. It is anticipated that the Fund's portfolio holdings will be fair valued only if market quotations for those holdings are unavailable or considered unreliable.

How to Purchase Fund Shares

Shares of the Fund are purchased at the NAV per share next calculated, after your purchase order is received in good order by the Fund (as defined below). Shares may be purchased directly from the Fund or through a financial intermediary, including but not limited to, certain brokers, financial planners, financial advisors, banks, insurance companies, retirement, benefit and pension plans or certain packaged investment products.

Shares of the Fund have not been registered and are not offered for sale outside of the United States. The Fund generally does not sell shares to investors residing outside the United States, even if they are United States citizens or lawful permanent residents, except to investors with United States military APO or FPO addresses or in certain other circumstances where the Chief Compliance Officer and Anti-Money Laundering Officer for the Trust conclude that such sale is appropriate and is not in contravention of U.S. law.

A service fee, currently \$25, as well as any loss sustained by the Fund, will be deducted from a shareholder's account for any purchases that do not clear. The Fund and U.S. Bancorp Fund Services, LLC, the Fund's transfer agent (the "Transfer Agent"), will not be responsible for any losses, liability, cost or expense resulting from rejecting any purchase order. Your initial order

will not be accepted until a completed account application (an “Account Application”) is received by the Fund or the Transfer Agent.

Investment Minimums. The minimum initial investment amount is \$25,000. The minimum investment amount for subsequent investments is \$500. The Fund reserves the right to waive the minimum initial or subsequent investment amounts at its discretion. Shareholders will be given at least 30 days’ written notice of any increase in the minimum dollar amount of initial or subsequent investments.

Purchases through Financial Intermediaries. For share purchases through a financial intermediary, you must follow the procedures established by your financial intermediary. Your financial intermediary is responsible for sending your purchase order and payment to the Fund’s Transfer Agent. Your financial intermediary holds the shares in your name and receives all confirmations of purchases and sales from the Fund. Your financial intermediary may charge for the services that it provides to you in connection with processing your transaction order or maintaining an account with them.

If you place an order for the Fund’s shares through a financial intermediary that is authorized by the Fund to receive purchase and redemption orders on its behalf (an “Authorized Intermediary”), your order will be processed at the applicable price next calculated after receipt by the Authorized Intermediary, consistent with applicable laws and regulations. Authorized Intermediaries are authorized to designate other Authorized Intermediaries to receive purchase and redemption orders on the Fund’s behalf.

If your financial intermediary is not an Authorized Intermediary, your order will be processed at the applicable price next calculated after the Transfer Agent receives your order from your financial intermediary. Your financial intermediary must agree to send immediately available funds to the Transfer Agent in the amount of the purchase price in accordance with the Transfer Agent’s procedures. If payment is not received in a timely manner, the Transfer Agent may rescind the transaction and your financial intermediary will be held liable for any resulting fees or losses. Financial intermediaries (that are not Authorized Intermediaries) may set cut-off times for the receipt of orders that are earlier than the cut-off times established by the Fund.

Purchase Requests Must be Received in Good Order

Your share price will be the next NAV per share calculated after the Transfer Agent or your Authorized Intermediary receives your purchase request in good order. “Good order” means that your purchase request includes:

- The name of the Fund;
- The dollar amount of shares to be purchased;
- Your account application or Invest By Mail form that is attached to your confirmation statement; and
- A check payable to the name of the Fund or a wire transfer received by the Fund.

An Account Application or subsequent order to purchase Fund shares is subject to acceptance by the Fund and is not binding until so accepted. The Fund reserves the right to reject any Account Application or purchase order if, in its discretion, it is in the Fund’s best interest to do so. For example, a purchase order may be refused if it appears so large that it would disrupt the management of the Fund. Purchases may also be rejected from persons believed to be “market-timers,” as described under “Tools to Combat Frequent Transactions,” below. Accounts opened by entities, such as credit unions, corporations, limited liability companies, partnerships or trusts, will require additional documentation. Please note that if any information listed above is missing, your Account Application will be returned and your account will not be opened.

Upon acceptance by the Fund, all purchase requests received in good order before the close of the NYSE (generally 4:00 p.m., Eastern Time) will be processed at the applicable price next calculated after receipt. Purchase requests received after the close of the NYSE will be priced on the next business day.

Purchase by Mail. To purchase Fund shares by mail, simply complete and sign the Account Application or investment stub and mail it, along with a check made payable to the Fund, to:

Regular Mail

AC ONE China Fund
c/o U.S. Bank Global Fund Services
P.O. Box 701
Milwaukee, WI 53201-0701

Overnight or Express Mail

AC ONE China Fund
c/o U.S. Bank Global Fund Services
615 East Michigan Street, 3rd Floor
Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices. All purchase checks must be in U.S. dollars drawn on a domestic financial institution. The Fund will not accept payment in cash or money orders. To prevent check fraud, the Fund will not accept third party checks, Treasury checks, credit card checks, traveler's checks or starter checks for the purchase of shares. The Fund is unable to accept post-dated checks, or any conditional order or payment.

Purchase by Wire. If you are making your first investment in the Fund, the Transfer Agent must have a completed Account Application before you wire the funds. You can mail or use an overnight service to deliver your Account Application to the Transfer Agent at the above address. Upon receipt of your completed Account Application, the Transfer Agent will establish an account for you. Once your account has been established, you may instruct your bank to send the wire. Prior to sending the wire, please call the Transfer Agent at (888) 964-0788 to advise them of the wire and to ensure proper credit upon receipt. Your bank must include the name of the Fund, your name and your account number so that your wire can be correctly applied. Your bank should transmit immediately available funds by wire to:

Wire to: U.S. Bank, N.A.
ABA Number: 75,000,022
Credit: U.S. Bancorp Fund Services, LLC
Account: 112-952-137
Further Credit: AC ONE China Fund
[Shareholder Name/Account Registration]
[Shareholder Account Number]

Wired funds must be received prior to the close of the NYSE (generally 4:00 p.m., Eastern Time) to be eligible for same day pricing. The Fund and U.S. Bank, N.A., the Fund's custodian, are not responsible for the consequences of delays resulting from the banking or Federal Reserve wire system, or from incomplete wiring instructions.

Investing by Telephone. You may not make initial purchases of Fund shares by telephone. If your account has been open for at least 7 business days, and you did not decline telephone options on your Account Application, you may purchase additional shares by telephoning the Fund toll free at (888) 964-0788. This option allows investors to move money from their bank account to their Fund account upon request. Only bank accounts held at domestic financial institutions that are Automated Clearing House ("ACH") members may be used for telephone transactions. The minimum telephone purchase amount is \$100. If your order is received prior to the close of the NYSE (generally 4:00 p.m., Eastern Time), shares will be purchased in your account at the NAV determined on the day your order is placed. Shareholders may encounter higher than usual call waiting times during periods of high market activity. Please allow sufficient time to place your telephone transaction. The Fund is not responsible for delays due to communications or transmission outages or failure. Once a telephone transaction has been placed, it cannot be canceled or modified after the close of regular trading on the NYSE (generally 4:00 p.m., Eastern Time).

Subsequent Investments. Subject to the minimum subsequent investment amount described above, you may add to your account at any time by purchasing shares by mail, telephone, or wire. You must call to notify the Fund at (888) 964-0788

before wiring. An Invest by Mail form, which is attached to your individual confirmation statement, should accompany any investments made through the mail. All subsequent purchase requests must include the Fund name and your shareholder account number. If you do not have the Invest by Mail form from your confirmation statement, include your name, address, Fund name and account number on a separate piece of paper.

Automatic Investment Plan. For your convenience, the Fund offers an Automatic Investment Plan (“AIP”). Under the AIP, after your initial investment, you may authorize the Fund to automatically withdraw any amount of at least \$100 that you wish to invest in the Fund, on a monthly or quarterly basis, from your personal checking or savings account. In order to participate in the AIP, your bank must be a member of the ACH network. If you wish to enroll in the AIP, complete the appropriate section in the Account Application. The Fund may terminate or modify this privilege at any time. You may terminate your participation in the AIP at any time by notifying the Transfer Agent five days prior to the next scheduled investment. A fee will be charged if your bank does not honor the AIP draft for any reason.

Anti-Money Laundering Program. The Trust has established an Anti-Money Laundering Compliance Program (the “Program”) as required by the Uniting and Strengthening America by Providing Appropriate Tools Required to Intercept and Obstruct Terrorism Act of 2001 (the “USA PATRIOT Act”) and related anti-money laundering laws and regulations. To ensure compliance with these laws, the Account Application asks for, among other things, the following information for all “customers” seeking to open an “account” (as those terms are defined in rules adopted pursuant to the USA PATRIOT Act):

- Full name;
- Date of birth (individuals only);
- Social Security or taxpayer identification number; and
- Permanent street address (a P.O. Box number alone is not acceptable).

In compliance with the USA PATRIOT Act and other applicable anti-money laundering laws and regulations, please note that the Transfer Agent will verify certain information on your account application as part of the Program. As requested on the account application, you must supply your full name, date of birth, social security number and permanent street address. If you are opening the account in the name of a legal entity (e.g., partnership, limited liability company, business trust, corporation, etc.), you must also supply the identity of the beneficial owners. Mailing addresses containing only a P. O. Box will not be accepted. The Fund reserves the right to request additional clarifying information and may close your account if such clarifying information is not received by the Fund within a reasonable time of the request or if the Fund cannot form a reasonable belief as to your true identity. If you require additional assistance when completing your application, please contact the Transfer Agent at (888) 964-0788.

Cancellations and Modifications. The Fund will not accept a request to cancel or modify a written transaction once processing has begun. Please exercise care when placing a transaction request.

How to Redeem Fund Shares

In general, orders to sell or “redeem” shares may be placed directly with the Fund or through a financial intermediary. You may redeem all or part of your investment in the Fund’s shares on any business day that the Fund calculates its NAV.

However, if you originally purchased your shares through a financial intermediary, your redemption order must be placed with the same financial intermediary in accordance with their established procedures. Your financial intermediary is responsible for sending your order to the Transfer Agent and for crediting your account with the proceeds. Your financial intermediary may charge for the services that they provide to you in connection with processing your transaction order or maintaining an account with them.

Shareholders who have an IRA or other retirement plan must indicate on their written redemption request whether to withhold federal income tax. Redemption requests failing to indicate an election not to have tax withheld will generally be subject to 10% withholding. Shares held in IRA or other retirement plan accounts may be redeemed by telephone at (888) 964-0788. Investors will be asked whether or not to withhold taxes from any distribution.

Payment of Redemption Proceeds. You may redeem your Fund shares at the NAV per share next determined after the Transfer Agent or an Authorized Intermediary receives your redemption request in good order. Your redemption request cannot be processed on days the NYSE is closed. All requests received by the Fund in good order after the close of the regular trading session of the NYSE (generally 4:00 p.m., Eastern Time) will usually be processed on the next business day. Under normal circumstances, the Fund expects to meet redemption requests through the sale of investments held in cash or cash equivalents. In situations in which investment holdings in cash or cash equivalents are not sufficient to meet redemption requests, the Fund may also choose to sell portfolio assets for the purpose of meeting such requests. The Fund further reserves the right to distribute “in-kind” securities from the Fund’s portfolio in lieu (in whole or in part) of cash under certain circumstances, including under stressed market conditions. Redemptions-in-kind are discussed in greater detail below.

A redemption request will be deemed in “good order” if it includes:

- The shareholder’s name;
- The name of the Fund;
- The account number;
- The share or dollar amount to be redeemed; and
- Signatures by all shareholders on the account and signature guarantee(s), if applicable.

Additional documents are required for certain types of redemptions, such as redemptions from accounts held by credit unions, corporations, limited liability companies, or partnerships, or from accounts with executors, trustees, administrators or guardians. Please contact the Transfer Agent to confirm the requirements applicable to your specific redemption request. Redemption requests that do not have the required documentation will be rejected.

While redemption proceeds may be paid by check sent to the address of record, the Fund is not responsible for interest lost on such amounts due to lost or misdirected mail. Redemption proceeds may be wired to your pre-established bank account, or proceeds may be sent via electronic funds transfer through the ACH network using the bank instructions previously established for your account. The Fund typically sends the redemption proceeds on the next business day (a day when the NYSE is open for normal business) after the redemption request is received in good order and prior to market close, regardless of whether the redemption proceeds are sent via check, wire, or automated clearing house (ACH) transfer. Wires are subject to a \$15 fee. There is no charge to have proceeds sent via ACH; however, funds are typically credited to your bank within two to three days after redemption. Except as set forth below, proceeds will be paid within seven calendar days after the Fund receives your redemption request. Under unusual circumstances, the Fund may suspend redemptions, or postpone payment for up to seven days, as permitted by federal securities law.

Please note that if the Transfer Agent has not yet collected payment for the shares you are redeeming, it may delay sending the proceeds until the payment is collected, which may take up to 12 calendar days from the purchase date. This delay will not apply if you purchased your shares via wire payment. Furthermore, there are certain times when you may be unable to sell Fund shares or receive proceeds. Specifically, the Fund may suspend the right to redeem shares or postpone the date of payment upon redemption for more than seven calendar days: (1) for any period during which the NYSE is closed (other than customary weekend or holiday closings) or trading on the NYSE is restricted; (2) for any period during which an emergency exists as a result of which disposal by the Fund of its securities is not reasonably practicable or it is not reasonably practicable for the Fund to fairly determine the value of its net assets; or (3) for such other periods as the SEC may by order permit for the protection of shareholders. Your ability to redeem shares by telephone will be restricted for 15 calendar days after you change your address. You may change your address at any time by telephone or written request, addressed to the Transfer Agent. Confirmations of an address change will be sent to both your old and new address.

Signature Guarantee. Redemption proceeds will be sent to the address of record. The Transfer Agent may require a signature guarantee for certain redemption requests. A signature guarantee assures that your signature is genuine and protects you from unauthorized account redemptions. Signature guarantees can be obtained from domestic banks, brokers, dealers, credit unions, national securities exchanges, registered securities associations, clearing agencies and savings associations, as well as from participants in the New York Stock Exchange Medallion Signature Program and the Securities Transfer Agents Medallion Program (“STAMP”), *but not from a notary public*. A signature guarantee, from either a Medallion program member or a non-Medallion program member, is required of each owner in the following situations:

- If ownership is being changed on your account;
- When redemption proceeds are payable or sent to any person, address or bank account not on record;
- When a redemption is received by the Transfer Agent and the account address has changed within the last 15 calendar days; and
- For all redemptions in excess of \$100,000 from any shareholder account.

Non-financial transactions, including establishing or modifying the ability to purchase and redeem Fund shares by telephone and certain other services on an account, may require a signature guarantee, signature verification from a Signature Validation Program member or other acceptable form of authentication from a financial institution source.

In addition to the situations described above, the Fund and/or the Transfer Agent reserve the right to require a signature guarantee or other acceptable signature verification in other instances based on the circumstances relative to the particular situation.

Redemption by Mail. You may execute most redemptions by furnishing an unconditional written request to the Fund to redeem your shares at the current NAV per share upon receipt by the Fund of such request. Written redemption requests should be sent to the Transfer Agent at:

Regular Mail

AC ONE China Fund
 c/o U.S. Bank Global Fund Services
 P.O. Box 701
 Milwaukee, WI 53201-0701

Overnight or Express Mail

AC ONE China Fund
 c/o U.S. Bank Global Fund Services
 615 East Michigan Street, 3rd Floor
 Milwaukee, WI 53202

The Fund does not consider the U.S. Postal Service or other independent delivery services to be its agents. Therefore, deposit in the mail or with such services, or receipt at the U.S. Bancorp Fund Services, LLC post office box, of purchase orders or redemption requests does not constitute receipt by the Transfer Agent of the Fund. Receipt of purchase orders or redemption requests is based on when the order is received at the Transfer Agent's offices.

Wire Redemption. Wire transfers may be arranged to redeem shares. However, the Transfer Agent charges a fee, currently \$15, per wire redemption against your account on dollar specific trades, and from proceeds on complete redemptions and share-specific trades.

Telephone Redemption. Unless you declined telephone options on your Account Application, you may redeem shares, in amounts of \$100,000 or less, by instructing the Fund by telephone at (888) 964-0788. Investors in an IRA or other retirement plan will be asked whether or not to withhold federal income tax.

In order to qualify for, or to change, telephone redemption privileges on an existing account, a signature guarantee, signature verification from a Signature Validation Program member, or other acceptable form of authentication from a financial institution source, may be required of all shareholders in order to qualify for, or to change, telephone redemption privileges on an existing account. Telephone redemptions will not be made if you have notified the Transfer Agent of a change of address within 15 calendar days before the redemption request. Shareholders may encounter higher than usual call waiting times during periods of high market activity. Please allow sufficient time to place your telephone transaction. The Fund is not responsible for delays due to communication or transmission outages or failures.

Note: Neither the Fund nor any of its service providers will be liable for any loss or expense in acting upon instructions that are reasonably believed to be genuine. To confirm that all telephone instructions are genuine, the Fund will use reasonable procedures, such as requesting that you correctly state:

- Your Fund account number;
- The name in which your account is registered; and/or
- The Social Security or taxpayer identification number under which the account is registered.

If an account has more than one owner or person authorized to perform transactions, the Fund will accept telephone instructions from any one owner or authorized person.

Systematic Withdrawal Program. The Fund offers a systematic withdrawal plan (“SWP”) whereby shareholders or their representatives may request a redemption in a specific dollar amount of at least \$100 be sent to them each month, calendar quarter or annually. Investors may choose to have a check sent to the address of record, or proceeds may be sent to a pre-designated bank account via the ACH network. To start this program, your account must have Fund shares with a value of at least \$10,000. This program may be terminated or modified by the Fund at any time. Any request to change or terminate your SWP should be communicated in writing or by telephone to the Transfer Agent no later than five days before the next scheduled withdrawal. A withdrawal under the SWP involves redemption of Fund shares, and may result in a gain or loss for federal income tax purposes. In addition, if the amount requested to be withdrawn exceeds the rate of growth of assets in your account, including any dividends credited to your account, the account will ultimately be depleted. To establish the SWP, complete the SWP section of the Account Application. Please call (888) 964-0788 for additional information regarding the SWP.

The Fund’s Right to Redeem an Account. The Fund reserves the right to redeem the shares of any shareholder whose account balance is less than \$1,500, other than as a result of a decline in the NAV of the Fund. The Fund will provide a shareholder with written notice 30 days prior to redeeming the shareholder’s account.

Redemption-in-Kind. The Fund generally pays redemption proceeds in cash. However, under unusual conditions that make the payment of cash unwise (and for the protection of the Fund’s remaining shareholders), the Fund may pay all or part of a shareholder’s redemption proceeds in portfolio securities with a market value equal to the redemption price (redemption-in-kind).

Specifically, if the amount you are redeeming from the Fund during any 90-day period is in excess of the lesser of \$250,000 or 1% of the Fund’s net assets, valued at the beginning of such period, the Fund has the right to redeem your shares by giving you the amount that exceeds this threshold in securities instead of cash. If the Fund pays your redemption proceeds by a distribution of securities, you could incur brokerage or other charges in converting the securities to cash, and you may incur a taxable capital gain or loss as a result of the distribution. In addition, you will bear any market risks associated with such securities until they are converted into cash.

Cancellations and Modifications. The Fund will not accept a request to cancel or modify a written transaction once processing has begun. Please exercise care when placing a transaction request.

Redemption Fees

Redemptions of short-term holdings may create missed opportunity and trading costs for the Fund.

For these reasons, the Fund will assess a 2.00% fee on the redemption of Fund shares held for 60 days or less. The Fund uses the first-in, first-out (“FIFO”) method to determine the 60-day holding period. Under this method, if you bought shares on different days, the shares purchased first will be redeemed first for the purpose of determining whether the redemption fee applies. If this holding period is 60 days or less, the redemption fee will be assessed. The redemption fee will be applied on redemptions of each investment made by a shareholder that does not remain in the Fund for at least a 60-day period from the date of purchase. This fee does not apply to Fund shares acquired through reinvested distributions (net investment income and capital gains), redemptions under the SWP and shares purchased pursuant to the AIP. The Fund’s redemption fee will also be waived on sales of Fund shares made in connection with non-discretionary portfolio rebalancing associated with certain wrap accounts and certain retirement plans.

Although the Fund has the goal of applying this redemption fee to most redemptions of shares held for 60 days or less, the Fund may not always be able to track short-term trading effected through Authorized Intermediaries in non-disclosed or omnibus accounts. While the Fund or its distributor has entered into information sharing agreements with such Authorized Intermediaries as described under the section entitled “Tools to Combat Frequent Transactions,” below, which contractually require such Authorized Intermediaries to provide the Fund with information relating to their customers investing in the Fund

through non-disclosed or omnibus accounts, the Fund cannot guarantee the accuracy of the information provided to it from Authorized Intermediaries and may not always be able to track short-term trading effected through these Authorized Intermediaries. In addition, because the Fund is required to rely on information from the Authorized Intermediary as to the applicable redemption fee, the Fund cannot ensure that the Authorized Intermediary is always imposing such fee on the underlying shareholder in accordance with the Fund's policies. The Fund also reserves the right to waive the redemption fee, subject to its sole discretion, in instances deemed by the Adviser not to be disadvantageous to the Fund or its shareholders and which do not indicate market timing strategies.

The Fund reserves the right to modify or eliminate the redemption fees or waivers at any time and will give shareholders 60 days' prior written notice of any material changes, unless otherwise provided by law. The redemption fee policy may be modified or amended in the future to reflect, among other factors, regulatory requirements mandated by the SEC.

Class Description

The Fund offers one share class —Institutional Class. Institutional class shares are available directly through the Fund's Transfer Agent, and may also be available through select financial intermediaries.

The Institutional Class is generally limited to institutional investors or certain programs, including the following:

- Investors making purchases through financial intermediaries that aggregate customer accounts to accumulate the minimum initial investment;
- Clients of financial intermediaries that have an agreement in place with Quasar Distributors, LLC, the Fund's distributor (the "Distributor") or its affiliates who charge clients an ongoing fee for advisory, investment, consulting or similar services, or who charge clients transaction fees with respect to their investments in the Fund;
- Individuals and institutional investors, such as financial institutions, corporations, trusts, defined benefit plans, foundations, endowments, estates, and educational, religious, and charitable organizations;
- Institutions and individuals that use trust departments or family/multi-family offices that exercise investment discretion;
- Certain retirement and benefit plans, including pension plans and employer sponsored retirement plans established under Section 403(b) or Section 457, or qualified under Section 401, of the Internal Revenue Code, as amended, (the "Code");
- Certain qualified plans under Section 529 of the Code;
- Certain insurance related products that have an agreement in place with the Distributor or its affiliates;
- Certain advisory accounts of the Adviser or its affiliates;
- Trustees and officers of the Trust; directors, officers and employees of the Adviser and its affiliates (including the spouse, life partner, or children under 21 of any such person); any trust or individual retirement account or self-employed retirement plan for the benefit of any such person; or the estate of any such person; and
- Employee retirement plans sponsored by the Adviser or its affiliates.

At the time you purchase shares of the Fund, you must inform your financial intermediary or the Transfer Agent of your qualifications to invest in Institutional Class shares. Institutional Class shares may also be offered through financial intermediaries that charge their customers transaction or other distribution or service fees with respect to their customers' investments in the Fund. As indicated in the table below, the minimum initial investment for Institutional Class shares may be waived or reduced by the Fund at any time. In addition, the Adviser may, in its sole discretion, accept investment in Institutional Class shares from purchasers not listed above.

Although not limited to the list below, the Fund may waive or reduce the initial or subsequent minimum investment amounts in any of the following circumstances:

- Certain retirement, defined benefit and pension plans, and certain qualified tuition programs;
- Bank or trust companies investing for their own accounts or acting in a fiduciary or similar capacity;
- Institutional clients of the Adviser;
- Employees, Directors/Trustees and Officers (including the immediate family members of each) of the Trust, the Adviser, and their affiliates; and
- Employee retirement plans sponsored by, and affiliates of, the Adviser.

Dividends and Distributions

The Fund will make distributions of net investment income and net capital gains, if any, at least annually, typically during the month of December. The Fund may make additional distributions if deemed to be desirable at other times during the year.

All distributions will be reinvested in Fund shares unless you choose one of the following options: (1) receive distributions of net capital gains in cash, while reinvesting net investment income distributions in additional Fund shares; (2) receive all distributions in cash; or (3) reinvest net capital gain distributions in additional Fund shares, while receiving distributions of net investment income in cash.

If you wish to change your distribution option, write or call the Transfer Agent in advance of the payment date of the distribution. However, any such change will be effective only as to distributions for which the record date is five or more calendar days after the Transfer Agent has received your request.

If you elect to receive distributions in cash and the U.S. Postal Service is unable to deliver your check, or if a check remains uncashed for six months, the Fund reserves the right to reinvest the distribution check in your account at the Fund's then current NAV per share and to reinvest all subsequent distributions.

Tools to Combat Frequent Transactions

The Fund is intended for long-term investors. Short-term "market-timers" who engage in frequent purchases and redemptions may disrupt the Fund's investment program and create additional transaction costs that are borne by all of the Fund's shareholders. The Board has adopted policies and procedures that are designed to discourage excessive, short-term trading and other abusive trading practices that may disrupt portfolio management strategies and harm performance. The Fund takes steps to reduce the frequency and effect of these activities in the Fund. These steps include, among other things, the implementation of a redemption fee, monitoring trading activity and using fair value pricing. Although these efforts are designed to discourage abusive trading practices, these tools cannot eliminate the possibility that such activity will occur. The Fund implements these tools to the best of its ability and in a manner that it believes is consistent with shareholder interests. Except as noted herein, the Fund applies all restrictions uniformly in all applicable cases.

Monitoring Trading Practices. The Fund monitors selected trades in an effort to detect excessive short-term trading activities. If, as a result of this monitoring, the Fund believes that a shareholder has engaged in excessive short-term trading, it may, in its discretion, ask the shareholder to stop such activities or refuse to process purchases in the shareholder's accounts. In making such judgments, the Fund seeks to act in a manner that it believes is consistent with the best interests of its shareholders. The Fund uses a variety of techniques to monitor for and detect abusive trading practices. These techniques may change from time to time as determined by the Fund in its sole discretion. To minimize harm to the Fund and its shareholders, the Fund reserves the right to reject any purchase order (but not a redemption request), in whole or in part, for any reason and without prior notice. The Fund may decide to restrict purchase and sale activity in its shares based on various factors, including whether frequent purchase and sale activity will disrupt portfolio management strategies and adversely affect Fund performance.

Fair Value Pricing. The Fund employs fair value pricing selectively to ensure greater accuracy in its daily NAV and to prevent dilution by frequent traders or market timers who seek to take advantage of temporary market anomalies. The Board has developed procedures which utilize fair value pricing when reliable market quotations are not readily available or when corporate events, events in the securities market and/or world events cause the Adviser to believe that a security's last sale price may not reflect its actual market value. Valuing securities at fair value involves reliance on judgment. Fair value determinations are made in good faith in accordance with procedures adopted by the Board. There can be no assurance that the Fund will obtain the fair value assigned to a security if it were to sell the security at approximately the time at which the Fund determines its NAV per share. More detailed information regarding fair value pricing can be found in this Prospectus under the heading entitled "Pricing of Fund Shares."

Due to the complexity and subjectivity involved in identifying abusive trading activity and the volume of shareholder transactions the Fund handles, there can be no assurance that the Fund's efforts will identify all trades or trading practices that may be considered abusive. In particular, since the Fund receives purchase and sale orders through Authorized Intermediaries that use group or omnibus accounts, the Fund cannot always detect frequent trading. However, the Fund will work with

Authorized Intermediaries as necessary to discourage shareholders from engaging in abusive trading practices and to impose restrictions on excessive trades. In this regard, the Fund has entered into information sharing agreements with Authorized Intermediaries pursuant to which these intermediaries are required to provide to the Fund, at the Fund's request, certain information relating to their customers investing in the Fund through non-disclosed or omnibus accounts. The Fund will use this information to attempt to identify abusive trading practices. Authorized Intermediaries are contractually required to follow any instructions from the Fund to restrict or prohibit future purchases from shareholders that are found to have engaged in abusive trading in violation of the Fund's policies. However, the Fund cannot guarantee the accuracy of the information provided to it from Authorized Intermediaries and cannot ensure that it will always be able to detect abusive trading practices that occur through non-disclosed and omnibus accounts. As a result, the Fund's ability to monitor and discourage abusive trading practices in non-disclosed and omnibus accounts may be limited.

Tax Consequences

Distributions of the Fund's net investment company taxable income (which includes, but is not limited to, interest, dividends, net short-term capital gains and net gains from foreign currency transactions), if any, are generally taxable to the Fund's shareholders as ordinary income. To the extent that the Fund's distributions of net investment company taxable income are designated as attributable to "qualified dividend" income, such income may be subject to tax at the reduced rate of federal income tax applicable to non-corporate shareholders for net long-term capital gains, if certain holding period requirements have been satisfied by the shareholder. To the extent the Fund's distributions of net investment company taxable income are attributable to net short-term capital gains, such distributions will be treated as ordinary dividend income for the purposes of income tax reporting and will not be available to offset a shareholder's capital losses from other investments.

Distributions of net capital gains (net long-term capital gains less net short-term capital losses) are generally taxable as long-term capital gains (currently at a maximum federal rate of 20% for individual shareholders) regardless of the length of time that a shareholder has owned Fund shares, unless you are a tax-exempt organization or are investing through a tax-advantaged arrangement such as a 401(k) plan or individual retirement account.

A 3.8% Medicare tax on net investment income (including capital gains and dividends) will also be imposed on individuals, estates and trusts, subject to certain income thresholds.

You will be taxed in the same manner whether you receive your distributions (whether of net investment company taxable income or net capital gains) in cash or reinvest them in additional Fund shares. Distributions are generally taxable when received. However, distributions declared in October, November or December to shareholders of record on a date in such a month and paid the following January are taxable as if received on December 31.

Shareholders who sell, or redeem, shares generally will have a capital gain or loss from the sale or redemption. The amount of the gain or loss and the applicable rate of federal income tax will depend generally upon the amount paid for the shares, the amount of reinvested taxable distributions, if any, the amount received from the sale or redemption and how long the shares were held by a shareholder. Any loss arising from the sale or redemption of shares held for six months or less, however, is treated as a long-term capital loss to the extent of any amounts treated as distributions of net capital gain received on such shares. In determining the holding period of such shares for this purpose, any period during which your risk of loss is offset by means of options, short sales or similar transactions is not counted. If you purchase Fund shares within 30 days before or after redeeming other Fund shares at a loss, all or part of that loss will not be deductible and will instead increase the basis of the newly purchased shares.

If the Fund qualifies to pass through to you the tax benefits from foreign taxes it pays on its investments, and elects to do so, then any foreign taxes it pays on these investments may be passed through to you as a foreign tax credit.

Shareholders will be advised annually as to the federal tax status of all distributions made by the Fund for the preceding year. Distributions by the Fund and gains from the sale of Fund shares may also be subject to state and local taxes. Additional tax information may be found in the SAI.

This section assumes you are a U.S. shareholder and is not intended to be a full discussion of federal tax laws and the effect of such laws on you. There may be other federal, state, foreign or local tax considerations applicable to a particular investor. You are urged to consult your own tax advisor.

Other Fund Policies

Telephone Transactions. If you did not decline telephone options on your Account Application, you may be responsible for fraudulent telephone orders made to your account as long as the Fund has taken reasonable precautions to verify your identity. In addition, once you place a telephone transaction request, it cannot be canceled or modified after the close of regular trading on the NYSE (generally, 4:00 p.m. Eastern Time).

During periods of significant economic or market change, telephone transactions may be difficult to complete. If you are unable to contact the Funds by telephone, you may also mail the requests to the Funds at the address listed previously in the "How to Purchase Fund Shares" section.

Telephone trades must be received by or prior to the close of the NYSE (generally 4:00 p.m., Eastern Time). Please allow sufficient time to ensure that you will be able to complete your telephone transaction prior to the close of the NYSE.

Policies of Other Financial Intermediaries. Financial intermediaries may establish policies that differ from those of the Fund. For example, the institution may charge transaction fees, set higher minimum investments or impose certain limitations on buying or selling shares in addition to those identified in this Prospectus. Please contact your financial intermediary for details.

Closing the Fund. The Board retains the right to close (or partially close) the Fund to new purchases if it is determined to be in the best interest of the Fund's shareholders. Based on market and Fund conditions, and in consultation with the Adviser, the Board may decide to close the Fund to new investors, all investors or certain classes of investors (such as fund supermarkets) at any time. If the Fund is closed to new purchases it will continue to honor redemption requests, unless the right to redeem shares has been temporarily suspended as permitted by federal law.

Householding. In an effort to decrease costs, the Fund intends to reduce the number of duplicate prospectuses and annual and semi-annual reports you receive by sending only one copy of each to those addresses shared by two or more accounts and to shareholders the Fund reasonably believes are from the same family or household. If you would like to discontinue householding for your accounts, please call toll-free at (888) 964-0788 to request individual copies of these documents. Once the Fund receives notice to stop householding, the Fund will begin sending individual copies 30 days after receiving your request. This Householding policy does not apply to account statements.

Lost Shareholders, Inactive Accounts and Unclaimed Property. It is important that the Fund maintains a correct address for each shareholder. An incorrect address may cause a shareholder's account statements and other mailings to be returned to the Fund. Based upon statutory requirements for returned mail, the Fund will attempt to locate the shareholder or rightful owner of the account. If the Fund is unable to locate the shareholder, then they will determine whether the shareholder's account can legally be considered abandoned. Your mutual fund account may be transferred to the state government of your state of residence if no activity occurs within your account during the "inactivity period" specified in your state's abandoned property laws. The Fund is legally obligated to escheat (or transfer) abandoned property to the appropriate state's unclaimed property administrator in accordance with statutory requirements. The shareholder's last known address of record determines which state has jurisdiction. Please proactively contact the Transfer Agent toll-free at (888) 964-0788 at least annually to ensure your account remains in active status.

If you are a resident of the state of Texas, you may designate a representative to receive notifications that, due to inactivity, your mutual fund account assets may be delivered to the Texas Comptroller. Please contact the Transfer Agent if you wish to complete a Texas Designation of Representative form.

Distribution of Fund Shares

The Distributor

Quasar Distributors, LLC (the “Distributor”) is located at 777 East Wisconsin Avenue, Milwaukee, Wisconsin 53202, and serves as distributor and principal underwriter to the Fund. The Distributor is a registered broker-dealer and member of the Financial Industry Regulatory Authority, Inc. Shares of the Fund are offered on a continuous basis.

Payments to Financial Intermediaries

The Fund may pay service fees to intermediaries, such as banks, broker-dealers, financial advisors or other financial institutions, including affiliates of the Adviser, for sub-administration, sub-transfer agency and other shareholder services associated with shareholders whose shares are held of record in omnibus accounts, other group accounts or accounts traded through registered securities clearing agents.

The Adviser, out of its own resources and without additional cost to the Fund or its shareholders, may provide additional cash payments to intermediaries who sell shares of the Fund. These payments and compensation are in addition to service fees paid by the Fund, if any. Payments are generally made to intermediaries that provide shareholder servicing, marketing support or access to sales meetings, sales representatives and management representatives of the intermediary. Payments may also be paid to intermediaries for inclusion of the Fund on a sales list, including a preferred or select sales list or in other sales programs. Compensation may be paid as an expense reimbursement in cases in which the intermediary provides shareholder services to the Fund. The Adviser may also pay cash compensation in the form of finder’s fees that vary depending on the dollar amount of the shares sold.

Financial Highlights

The financial highlights in the following table is intended to help you understand the financial performance of the Fund for the fiscal years indicated. Certain information reflects financial results for a single Fund share. The total return in the table represents the rate that an investor would have earned or lost on an investment in the Fund (assuming reinvestment of all dividends and distributions). This information has been derived from the financial statements audited by Cohen & Company, Ltd., the Fund's independent registered public accounting firm, whose report, along with the Fund's financial statements, are included in the annual report, which is available upon request or on the Fund's website at www.ac-one-amc.com.

	Year Ended June 30, 2019	Year Ended June 30, 2018	Year Ended June 30, 2017	Year Ended June 30, 2016	Year Ended June 30, 2015
PER SHARE DATA:⁽¹⁾					
Net asset value, beginning of year	\$16.71	\$14.28	\$11.70	\$14.74	\$13.10
INVESTMENT OPERATIONS:					
Net investment income (loss)	0.04	(0.02)	(0.08)	0.02	(-) ⁽²⁾
Net realized and unrealized gain (loss) on investments and translations of foreign currency	(1.23)	2.45	2.68	(3.01)	2.39
Total from investment operations	(1.19)	2.43	2.60	(2.99)	2.39
LESS DISTRIBUTIONS:					
Dividends from net investment income	-	-	(0.02)	-	(0.04)
Dividends from net realized gains	(0.07)	-	-	(0.05)	(0.71)
Total distributions	(0.07)	-	(0.02)	(0.05)	(0.75)
Paid-in capital from redemption fees	- ⁽²⁾	-	- ⁽²⁾	- ⁽²⁾	- ⁽²⁾
Net asset value, end of year	\$15.45	\$16.71	\$14.28	\$11.70	\$14.74
TOTAL RETURN	(7.07)%	17.02%	22.25%	(20.28)%	19.09%
SUPPLEMENTAL DATA AND RATIOS:					
Net assets, end of year (in 000's)	\$13,891	\$15,304	\$11,989	\$9,029	\$12,336
Ratio of expenses to average net assets:					
Before expense reimbursement/waiver	2.72%	2.69%	3.68%	3.78%	3.66%
After expense reimbursement/waiver	1.50%	1.68% ⁽³⁾	1.70%	1.70%	1.70%
Ratio of net investment income (loss) to average net assets:					
Before expense reimbursement/waiver	0.98%	(1.12)%	(2.54)%	(1.92)%	(1.98)%
After expense reimbursement/waiver	0.24%	(0.11)% ⁽³⁾	(0.56)%	0.16%	(0.02)%
Portfolio turnover rate	1%	9%	16%	18%	21%

(1) For a Fund share outstanding for the entire period.

(2) Amount per share is less than \$0.01

(3) Effective June 1, 2018, the expense limitation was lowered from 1.70% to 1.50% of the Fund's average daily net assets.

PRIVACY NOTICE

The Fund collects only relevant information about you that the law allows or requires it to have in order to conduct its business and properly service you. The Fund collects financial and personal information about you (“Personal Information”) directly (e.g., information on account applications and other forms, such as your name, address, and social security number, and information provided to access account information or conduct account transactions online, such as password, account number, e-mail address, and alternate telephone number), and indirectly (e.g., information about your transactions with us, such as transaction amounts, account balance and account holdings).

The Fund does not disclose any non-public personal information about its shareholders or former shareholders other than for everyday business purposes such as to process a transaction, service an account, respond to court orders and legal investigations or as otherwise permitted by law. Third parties that may receive this information include companies that provide transfer agency, technology and administrative services to the Fund, as well as the Fund’s investment adviser who is an affiliate of the Fund. If you maintain a retirement/educational custodial account directly with the Fund, we may also disclose your Personal Information to the custodian for that account for shareholder servicing purposes. The Fund limits access to your Personal Information provided to unaffiliated third parties to information necessary to carry out their assigned responsibilities to the Fund. All shareholder records will be disposed of in accordance with applicable law. The Fund maintains physical, electronic and procedural safeguards to protect your Personal Information and requires its third party service providers with access to such information to treat your Personal Information with the same high degree of confidentiality.

In the event that you hold shares of the Fund through a financial intermediary, including, but not limited to, a broker-dealer, bank, credit union or trust company, the privacy policy of your financial intermediary governs how your non-public personal information is shared with unaffiliated third parties.

FOR MORE INFORMATION

You can find more information about the Fund in the following documents:

Statement of Additional Information

The SAI provides additional details about the investments and techniques of the Fund and certain other additional information. A current SAI is on file with the SEC and is incorporated into this Prospectus by reference. This means that the SAI is legally considered a part of this Prospectus even though it is not physically within this Prospectus.

Annual and Semi-Annual Reports

The Fund's annual and semi-annual reports provide additional information about the Fund's investments. The annual reports contain a discussion of the market conditions and investment strategies that affected the Fund's performance during the Fund's prior fiscal period.

You can obtain a free copy of these documents and the SAI, request other information, or make general inquiries about the Fund by calling the Fund (toll-free) at (888) 964-0788, by visiting the Fund section of the Adviser's website at www.AC-ONE-AMC.com or by writing to:

AC ONE China Fund
c/o U.S. Bank Global Fund Services
